

RoHS and REACH Compliance Declaration

Manufacturer:

Business name: Zebra Technologies Slovakia s.r.o.

Contact: photoneo-office@zebra.com

Product: 3D Sensors

- Photoneo® PhoXi® 3D Scanner
- Alpha 3D Scanner
- MotionCam-3D and MotionCam-3D Color
- Model 3S

We, Zebra, hereby declare that our products, which are designed by Zebra, manufactured by Zebra, and sold directly by Zebra, comply with the requirements of applicable EN standards. Our declaration covers the requirements of the latest Regulation on Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) concerning substances of very high concern (SVHC) under European Union regulation no. 1907/2006/EC (REACH Regulation), as last updated on 16th January 2020, as well as the European Union's Restriction of Hazardous Substances (RoHS) Directive 2011/65/EU and (EU) 2015/863. We are aware of the duties defined in the above-mentioned directive and are committed to complying with these requirements and regulations in all respects.

RoHS

All Zebra's families are RoHS Compliant and fulfill the definition and restrictions defined under the European Union's Restriction of Use of Hazardous Substances in Electrical and Electronic Equipment (RoHS) Directive 2011/65/EU and (EU) 2015/863. All Zebra's families have no intentional addition of following substances or any trace impurities of these substances above the threshold limits and therefore do not exceed the maximal allowed concentration of restricted substances as specified by the RoHS directive:

○ Cadmium	Cd	< 0.01 %
○ Mercury	Hg	< 0.1 %
○ Hexavalent Chromium	Cr VI	< 0.1 %
○ Polybrominated Biphenyls	PBB	< 0.1 %
○ Polybrominated Diphenyl Ethers	PBDE	< 0.1 %
○ Bis(2-Ethylhexyl) phthalate	DEHP	< 0.1 %
○ Benzyl butyl phthalate	BBP	< 0.1 %
○ Dibutyl phthalate	DBP	< 0.1 %
○ Diisobutyl phthalate	DIBP	< 0.1 %

This declaration is based on our analysis, available information, and laboratory tests of the component materials used in the manufacturing of our components, as well as certificates from our suppliers. Zebra believes, to the best of its knowledge, that the above statements are accurate as of the date of this declaration and that it may have relied on the statements and certifications provided by suppliers during the preparation of this declaration. Within the above-defined limitations, this declaration may be relied upon by the distributors and customers of all Zebra's component families. This declaration remains valid unless superseded by a revised declaration at a later date.

REACH Substances of Very High Concern (SVHC)

European Union Regulation (1907/2006/EC), the Registration, Evaluation, and Authorization of Chemicals (REACH) addresses Substances of Very High Concern (SVHC) with the purpose of strong protection of human health and the environment. This Environmental Compliance Declaration applies to all substances that are included in the EU REACH's latest list of SVHCs updated on 16th January 2020 and published on the European Chemical Agency's (ECHA's) website: <http://echa.europa.eu/candidate-list-table>

At this time, and to the best of our knowledge, none of Zebra's product families contain any REACH SVHCs above the 0.1% w/w (i.e., 1000 ppm) reporting threshold. This determination was made through a thorough investigation of our components and by requesting and reviewing information from our suppliers. Any chemical substances contained in our products that may be subject to registration must be registered exclusively by our suppliers. We maintain close communication with our suppliers to prevent the presence of SVHC materials in their products. Zebra continues to monitor the EU's REACH regulation and requires our suppliers to ensure that they do not use any existing or newly listed REACH SVHCs in our components above the reporting threshold.

Environmental Statement Disclaimer

The information contained in this Environmental Compliance Declaration is, to the best of our knowledge and belief, accurate as of the date indicated on this page. Zebra relies on information provided by its suppliers to form this declaration. However, Zebra makes no representations regarding the accuracy of such information and disclaims all warranties and liabilities related to it. Zebra will continue to make commercially reasonable efforts to provide accurate information and update certifications as necessary. This statement is provided in good faith, but no guarantees regarding its completeness or accuracy create any obligation for compensation of any kind resulting from its use or reliance on the information contained herein.
